Kocaeli, Türkiye | P: +90 5511617770 | [gokhanpercem@gmail.com](mailto:gokhanpercem@gmail.com) | [gokhanpercem.com](http://gokhanpercem.com)

## EDUCATION

### KOCAELI UNIVERSITY

Bachelor of Engineering

Major in Software Engineering

Cumulative GPA: 3.25/4.0

Relevant Coursework: Algorithms; Full Stack Engineering; Software Engineering; Game Development; Artificial Intelligence

Kocaeli, Türkiye

Expected Jun 2028

## UNIVERSITY PROJECTS

### FULL-STACK DEVELOPMENT OF ERIMMATEMATİK.COM

Feb 2026

- Built a custom full stack web platform for a national online mathematics olympiad, capable of handling 10,000+ users taking exams simultaneously while delivering user registration, competition workflows, and management for the **Turkish Ministry of National Education backed Erim Matematik Foundation**.
- Technologies: React, Vite, [ASP.NET](https://asp.net/), Docker CI/CD, Linux

### SELF-PUBLISHED MOBILE APPLICATIONS

Nov 2025

- Designed, developed, and published **3 cross-platform mobile applications** to Google Play and the Apple App Store, achieving **5,000+ downloads worldwide**.
- Implemented end-to-end app lifecycle including UI/UX, deployment, and store optimization

### AI VIDEO GENERATION MOBILE APP (TOP 7 FINALIST) | [FAL.AI](#) HACKATHON

Oct 2025

- Developed a Flutter-based mobile application enabling AI-driven video generation; ranked among the top 7 projects by jury evaluation.
- Flutter, AI video generation APIs, mobile UI/UX

### EDUCATION TECHNOLOGIES COMPETITION (2ND PLACE) | TEKNOFEST 2023 ISTANBUL

Aug 2023

- Achieved second place at Teknofest, Turkey's largest technology and innovation competition, in the Education Technologies category.
- Unity 3D, Arduino, Designing Custom Circuits

## ACTIVITIES

### T3 AI FOUNDATION (TURKIYE'S LARGEST LANGUAGE MODEL)

Remote, Türkiye

Community Volunteer

Mar 2025 – Present

- Contribute to the T3AI Project, an initiative led by the T3 Foundation to develop Turkey's indigenous generative artificial intelligence models, support AI-driven public services, and help build a skilled artificial intelligence workforce.

### KOCAELI UNIVERSITY SOFTWARE ENGINEERING CLUB

Kocaeli, Türkiye

Artificial Intelligence Technical Team Member

Jan 2025 – Present

- Contributed to the club events, hackathons and

## ADDITIONAL

**Technical Skills:** Advanced in C, Flutter, React Native, Proficient in C#, Unity, [Node.js](https://nodejs.org/)
